

Renter's Agreement and Pilot's Information

Last Name _____ First Name _____

Address _____

City _____ State _____ Zip _____

Home Phone _____ Work Phone _____

Cell Phone _____ Nationality _____

Email Address _____

Emergency Contact _____

Address _____

Phone Number(s) _____

Date of joining AeroDynamic Aviation _____ Student pilot? YES NO

Pilot certificates, Ratings and Endorsements: _____

Flying experience and approximate # of hours _____

Date of last flight review: _____ Class of Medical _____ Due _____

- Have you ever had any fainting/unconsciousness episodes, dizzy spells, stroke, heart attack or diabetes? YES NO
- Do you, or did you within the past two years, take sedatives, antidepressants or any other drugs, prescription or otherwise, that affect the brain? YES NO
- Has your FAA medical certificate ever been denied, suspended, or revoked? YES NO
- Have you had any deviations, incidents, accidents, violations or suspensions of your pilot's license? YES NO

If you answered YES to any of the above, please explain _____

I understand and agree to all of the following conditions and clauses. All rentals are subject to this Agreement and any subsequent amendments hereto. This Agreement, whether signed or not, shall constitute the entire agreement between AeroDynamic Aviation and the Renter. It supersedes any verbal or other agreement between AeroDynamic Aviation and the Renter. I understand that violation of this agreement may terminate my rental privileges at AeroDynamic Aviation and put me solely at fault.

I authorize AeroDynamic Aviation to charge my Credit Card in the event my account balance is negative. If a negative balance persists for more than 30 days, an additional 3% of the amount due will also be added. My Credit Card details are:

Visa/MasterCard _____ Exp. Date _____

Billing Zip Code _____ CVV Code on back _____

Printed Name: _____ Signature: _____

We want you to fly safely and have fun. PLEASE read the following document carefully before you sign it. Ignorance of its contents will not be an acceptable excuse. Taking any of our aircraft is always under the terms and conditions in the latest revision of this document. These rules may change without prior notice. Changes will be posted in the office and/or on our website.

General Operations

- ✧ All students and renters must complete an Aircraft Review sheet and checkout flight for each Make & Model of aircraft to be rented to demonstrate proficiency, unless waived by the Chief Instructor.
- ✧ The pilot-in-command must be a renter with an aircraft checkout by an AeroDynamic instructor.
- ✧ All solo students and renters must have a current aircraft insurance policy on file with the office for at least \$20,000 liability, physical and property coverage.
- ✧ Pilots may be required to fly with the Chief Instructor at any time, at her discretion.
- ✧ Renter must be on the schedule for the aircraft they are flying. Renter must check out the aircraft through Paperless FBO prior to departing and check in upon return.
- ✧ Renter will fly only from the seat(s) of the aircraft for which he/she is checked out.
- ✧ Renter will plan all flights to allow for adequate climb, cruise, and descents consistent with careful and considerate operation of the aircraft, in particular preventing shock cooling of the engine due to rapid power reduction. Renter will not continuously use more than 75% power except during takeoff or climb phases of flight, unless operationally necessary. Renter will lean during cruise according to the aircraft flight manual, or 75 degrees rich of peak in the absence of other information.
- ✧ Renter will plan all segments of flight to terminate with *at least* the FAA minimum fuel requirements.
- ✧ Renter will land only at chartered airports that have an adequate runway for the type of aircraft flown, except as a precautionary or emergency measure, when reasonably necessary.
- ✧ All Federal, State, and Local Air Safety regulations and all manufacturer's operating procedures and limitations will be observed.
- ✧ Renter will not engage in reckless flying as judged by commonly accepted principles.
- ✧ Flights over water beyond engine-out gliding distance are forbidden with the exception of flights to Catalina Island, which requires a discussion with the Chief Instructor and is at the renter's own risk.
- ✧ All flights are to be logged in the aircraft flight log with renter's name, date, hobbs and tach time. Renter will round **up** to the nearest hobbs number if any part of next digit is showing.
- ✧ Prices are subject to change. Current rates are posted in the office and on our website.
- ✧ AeroDynamic Aviation reserves the right to refuse rental and instruction services for any reason.
- ✧ Negative accounts are not permitted. Flights must be prepaid or paid immediately upon check in.

Currency

- ✧ We require all solo students and renters to maintain a level of proficiency. Flying solo beyond our currency policy means you are operating outside this renter's agreement and are completely liable/at fault for any and all damages or penalties that occur.
- ✧ All currencies listed below must include a minimum of 3 takeoffs and landings.
- ✧ If you have flown recently in your airplane or with another school, please show currency to the front office to have this waived; otherwise, there are no exceptions to our currency policies.
- ✧ These currency policies are in addition to the FAR minimums and apply regardless of whether you are carrying passengers or not. A currency check with a CFI can be brief if you are proficient; however, our instructors will use their discretion to make sure you are safe before signing you off.
- ✧ **Solo students:** Students endorsed for solo flight must have flown (dual or solo) within the preceding 14 days and must have flown with an instructor within the preceding 30 days.
- ✧ **Tailwheel:** Must have flown tailwheel within the preceding 30 days.
- ✧ **Cessna 172:** Must have flown a single-engine airplane within the preceding 90 days.
- ✧ **Complex:** Must have flown a complex airplane within the preceding 90 days.
- ✧ **Multi-Engine:** Must have flown a twin-engine aircraft within the preceding 45 days.
- ✧ **Aerobatics:** Must have flown at least one hour of aerobatic flight within the previous 90 days, as well as performed an annual currency check with our Chief Instructor or designated aerobatic instructor.
- ✧ **Night flight:** Must have flown at night within the preceding 12 months.

Student Pilot Operations

- ✧ Students will get an instructor's approval before all solo flights and solo cross-country flights, with specific reference to wind and weather conditions.
- ✧ Student pilots must comply with all restrictions imposed by their instructor.
- ✧ No student solo cross-country flights permitted if any of the following marginal VFR conditions exist, unless otherwise endorsed by their instructor:
 - Ceiling less than 5000' anywhere along the route or 2500' in the traffic pattern
 - Visibility less than 6 sm anywhere along the route
 - Surface wind over 12 kts or crosswind over 5kts at any airports of intended landing
- ✧ Solo students will not practice emergencies, wheel landings, touch-and-goes, or back-taxi on the runway. Short-field or soft-field takeoffs and landings may be practiced with instructor's permission, but 5 kts/mph must be added to approach speed for short-field landings.
- ✧ Student solo flights are prohibited between sunset and sunrise.
- ✧ Solo students will practice all air work above 3000' AGL. Exception: Ground reference maneuvers will be done at a minimum of 1000' AGL over non-populated areas.
- ✧ Student solos are not permitted to fly-in events without Chief Instructor approval.
- ✧ Only AeroDynamic Aviation's instructors are allowed to give dual instruction to a student, regardless of which certificate or rating the student or pilot is working on.
- ✧ Dual and solo cross-country flights, and night flights that leave the local airport area, will adhere to the policies listed below for Cross-Country Flights.

Cross-Country Flights and/or Daily Rentals

- ✧ Aircraft scheduled for 6 hours or more will be charged a daily minimum.
 - Cessna 172 and Citabria daily minimums are 2 hours' hobbs time Monday through Thursday and 3 hours' hobbs time Friday through Sunday.
 - Other aircraft daily minimums are 1 hour hobbs time Monday through Thursday and 2 hours' hobbs time Friday through Sunday.
- ✧ A comprehensive weather brief including current and forecast conditions will be obtained from a valid source (1-800-WXBRIEF, Foreflight, www.aviationweather.gov, etc.) before going on cross-country flights. A flight plan that includes details of the route and airports of intended landing will be filed with Flight Service and a copy left with the office for tracking; wind and crosswind conditions will be checked before each solo flight and shall not exceed POH or solo endorsement limits.
- ✧ A mountain checkout is required for takeoff and landing at airports above 3000' density altitude or any flight operating over mountainous terrain (elevation > 4000' MSL), i.e. flying into or over the Sierras.
- ✧ Overnight flights require prior approval. Renter will leave an itinerary and contact phone numbers with the office prior to departure.
- ✧ Any flights outside the 48 contiguous United States require written permission from an owner of AeroDynamic Aviation. **Flights into Mexico are absolutely forbidden.**
- ✧ Off-taxiway operations are prohibited for any reason except aircraft parking. Operations on gravel or dirt are to be undertaken with the utmost care. Renter will be accountable for the cost of damage caused by such operations (propeller dings, paint, etc). Flights to Burning Man are prohibited.
- ✧ It is the renter's responsibility to obtain permission from AeroDynamic Aviation and the property owner before conducting operations at private or restricted use airports.
- ✧ Credit for fuel or oil purchased outside AeroDynamic Aviation will be issued upon submittal of the original fuel receipt, which must show the date and aircraft's N number. Reimbursement will be only up to the cash per-gallon price charged by AeroDynamic at the airplane's normal base (i.e. RHV).
- ✧ Renter is responsible for all fees or other charges from any third parties (e.g. landing or tie down fees).
- ✧ Renter is responsible for any NOAA violation fees (flights below 1000' along areas of the coast).

Cancellation, No-Show or Late Checkout

- ✧ Reservations must be cancelled at least 24 hours prior to scheduled time. Failure to cancel with less than 24 hours' notice will result in charges up to the amount of lost rental and lost instructor time.
- ✧ Reservations of 6 hours or more must be cancelled at least 3 days (72 hours) prior to scheduled departure time, or the renter will be billed the daily minimum for each day cancelled.
- ✧ Aircraft should be checked out within half an hour of the scheduled time. After half an hour, the office reserves the right to reschedule the airplanes and instructors. Charges will be applied for late arrivals or no-shows, up to the amount of lost rental and lost instructor time.
- ✧ Aircraft must be parked and checked in by the scheduled return time, weather permitting, and in the same condition as inspected at preflight. Additional charges may be applied for late returns.

Preflight and Starting Operations

- ✧ The renter will inspect and make a ground check of the aircraft, its equipment and accessories before takeoff using the provided checklist or the checklist in the aircraft manual. Renter will not take the aircraft until he/she is satisfied as to its airworthiness and proper functioning of equipment and accessories. If checklists are missing, they are available in the office or on our website.
- ✧ If the renter finds something wrong with the aircraft, it must be reported prior to departure or renter may be held accountable for the costs.
- ✧ Renters will round up if any part of the next hobbs digit is visible. If there is a hobbs meter mismatch, it must be reported prior to departing.
- ✧ During aircraft start, renter will ensure that the aircraft does not cause any hazard to any objects or other aircraft parked on the ramp due to prop wash.
- ✧ Hand propping is not allowed.
- ✧ Taxiing through tie down spots is prohibited.
- ✧ Renter will taxi at a slow or moderate speed appropriate to conditions at all times.
- ✧ Both main wheels must be chocked and towbar removed when aircraft is parked outside its tiedown spot (i.e. during fueling).

Returning Aircraft

- ✧ Renter will return the aircraft clean, secure the seat belts/control locks, turn off master switch and magneto switches, chock the wheels and tie down the aircraft securely in an approved parking spot.
- ✧ There will be a minimum \$50 charge for leaving the master or magneto switches on.
- ✧ If any part of the next hobbs digit is visible, the Renter will round the hobbs number up.
- ✧ Renter will enter hobbs and Tach time into the aircraft binder and check aircraft in through Paperless FBO.
- ✧ A charge may apply for not properly securing the aircraft or leaving trash in the aircraft.

At Reid-Hillview only

- ✧ Renter will preflight the aircraft in its parking spot, then tow airplane to the fuel truck, if needed.
- ✧ Taxiing to the fuel truck is prohibited.
- ✧ Leaving aircraft parked at the fuel truck is prohibited.
- ✧ Aircraft will be pulled out onto the centerline and turned away from the other parked planes before starting engine. Renter will visually clear the area before starting.
- ✧ Renter will not taxi through or pull the airplane through tiedown spots.
- ✧ Renter will shut the airplane down on the center of the taxiway, then push it into its parking place.
- ✧ No pivoting at high power or otherwise blowing dust/dirt/debris! If an aircraft is blocking the taxiway, find a safe area to shut down and tow the airplane to its tie down spot.
- ✧ No engine-out simulation during takeoff/climb from Reid-Hillview airport, whether dual or solo.

Block Accounts (Reid-Hillview only)

- ✧ See block information sheet for full terms.
- ✧ Customers in good standing (membership paid up, positive account balance) making prepayments of \$500 or greater, are entitled to a credit of 10% for check or cash, or 7% for credit card.
- ✧ Overdrawn block accounts must be paid in full first before a new block can be purchased.
- ✧ Block accounts are not refundable, negotiable, or transferable.
- ✧ Delinquent block accounts are subject to a service charge of 3% per month on the entire balance.
- ✧ Delinquency consists of balances overdrawn for over 30 days.

Tailwheel Aircraft

- ✧ Renters must comply with currency policies listed above.
- ✧ A separate checkout is required for toe brakes, heel brakes, and each make/model.
- ✧ Minimum 10 hours' dual instruction is required for pilots with no previous tailwheel experience.
- ✧ Wheel landings in tailwheel aircraft are at renter's own risk. Solo students are not allowed to practice wheel landings. Prop strikes cost a minimum of \$15,000, payable on impact.

Aerobatics

- ✧ Checkout by our Chief Instructor is required to perform any solo aerobatic maneuvers.
- ✧ Renters must comply with currency policies listed above for aerobatics and tailwheel.

Complex and Twin-Engine Aircraft

- ✧ Touch-and-go landings are prohibited in any complex or retractable gear aircraft.
- ✧ All pilots must have the Aircraft Checkout sheet plus the Complex or Multi-engine Addendum completed prior to solo flights.
- ✧ Multi-engine insurance is required to train in or rent our Twin Comanche.
- ✧ Renters must comply with currency policies listed above.

In Case of Accident or Incident

- ✧ Renter will immediately report any incident or accident to AeroDynamic Aviation. Renter will obtain any available information of witnesses and involved parties. Renter will not move the aircraft until authorized to do so by AeroDynamic Aviation, unless requested by law enforcement.
- ✧ If a maintenance problem arises that requires a precautionary landing or was discovered while at another airport, call AeroDynamic Aviation at (408)320-9614, Josh at (831)707-4475 or Jen at (619)244-0069 immediately for assistance.
- ✧ If damage occurs to the rented aircraft, renter will be liable for the first US \$20,000.00 in damages, however caused, unless caused by renter's negligence or by breaking the terms of this Agreement, in which case renter will be responsible for all the damage costs incurred.
- ✧ Renter is responsible for maintaining renter's insurance in the amount adequate to protect against damage or loss of the aircraft, but in no case less than \$20,000.
- ✧ Renter will pay for damages within 30 days of the damage occurrence.
- ✧ Renter will be responsible for the rented airplane's security and safety while it is in renter's possession. Any damage, loss, or theft will be renter's financial responsibility.
- ✧ AeroDynamic Aviation is not responsible for any retrieval cost incurred.
- ✧ Renter agrees to pay for any loss or damage to the aircraft or to other persons or property caused in whole or in part by renter's negligence, abuse, or decision to engage in risky operations.

IMPORTANT:

Negligent, abusive or risky operations specifically include but are not limited to the following, unless caused by a mechanical failure:

- propeller strikes, wheel barrowing, nosing over
- running off the runway and/or ground loops
- burst or flat-spotted tires due to misuse of brakes and any consequent damage
- fuel starvation
- flying over water beyond gliding distance from the shore
- flying in weather conditions beyond the limitations in pilot's logbook or certificate
- exceeding the airplane limitations
- touch-and-go landings during solo or complex aircraft operations
- wheel landings during solo tailwheel operations
- contravening the safety of flight provisions of this agreement

If aircraft damage results from any negligent, abusive or risky operations, including those listed above, the renter will be responsible for ALL costs of the damages.

- ✧ Renter will not tamper with or attempt to repair any part of the airplane or its accessories.
- ✧ Renter will notify AeroDynamic Aviation if repairs are necessary and get approval before authorizing any work.
- ✧ It is the renter's responsibility to return aircraft to AeroDynamic Aviation premises. If renter is unable to do so, renter will pay any costs incurred in recovering the aircraft. This includes but is not limited to ferry costs.
- ✧ In the event of a mechanical difficulty, renter will be responsible for any personal costs associated with the flight, including renter's transportation costs; however AeroDynamic Aviation will be responsible for the cost of returning the aircraft unless renter is found responsible for the difficulty.
- ✧ Renter expressly agrees to and hereby indemnifies and holds AeroDynamic Aviation harmless of, from and against any and all loss, cost and attorney's fees and/or liability in connection with this rental agreement.

In case of an incident or accident, renter will fly with an instructor and then Chief Instructor until Chief Instructor is satisfied that renter can act as pilot-in-command in AeroDynamic Aviation aircraft.

I have read and understand the terms of this Renter's Agreement. I agree to all of the above terms and conditions of this agreement. I understand operating outside the parameters set forth in this Agreement may result in loss of insurance coverage. I understand this puts me at risk for any violations, damages, insurance claims, and full liability. I agree to have the required aircraft insurance policy for at least \$20,000 liability, physical and property coverage prior to my first solo flight and at all times thereafter.

I agree to operate safely, exercise good judgment, respect and abide by all AeroDynamic Aviation policies and FAA regulations, and treat the aircraft and staff kindly ☺ Failure to do so will result in termination of my rental privileges at AeroDynamic Aviation.

ADDENDUM FOR MINORS

Parent/Guardian Permission, Assumption of Risk, Waiver & Release

I certify that I am _____'s parent or legal guardian. As such, I have carefully read and understood AeroDynamic Aviation's Renter's Agreement in its entirety. I will ensure compliance with all policies and agree to be held financially responsible for this minor. I hereby give my child permission to participate in flight training, understand all risks associated with flight training and waive all claims, causes of action and suits against AeroDynamic Aviation.
